Allen Kang

Senior Product Designer

allensmkang@gmail.com · mooque-dev.github.io/jeppesen-foreflight · linkedin.com/in/mooque · Toronto, Canada

Senior product designer with 8 years shipping complex professional tools in accounting, payments and healthcare. I design the screens where experts review, correct and approve data, run my own discovery with the people who use them, and ship in code: my own app has 160+ merged pull requests, built with AI coding tools.

EXPERIENCE

Aplos (now Velora) · Senior Product Designer — Feb 2025 – Jun 2026

- Redesigned the screens where accountants categorize and correct split transactions under tax rules in Canada, the US and Australia; categorization tickets fell 70%.
- Interviewed 12 finance managers for the merged companies' first joint integration, then designed visible, auditable data mapping.
- Grew Orchid into a 340+ component library used by three engineering teams. Mentored two designers.
- Prototyped checkout logic in code, then A/B tested three fixes; fee opt-in rose from 75% to 92%.
- Owned end-to-end design for accounting, payments and transactions across Aplos, Keela and Raisely as the three products merged into one suite.

Keela · Lead Product Designer — Mar 2023 – Feb 2025

- Led product design for the CRM's core: the contact record, Pipelines, and Reports & Dashboards.
- Pitched the Orchid design system with surveys from five departments and earned two dedicated front-end engineers. Mentored one designer.

Keela · Product Designer & Associate PM — Feb 2021 – Mar 2023

- Took Automation, a workflow builder that previews who it will touch before it runs, from zero to one: 15 interviews and three rounds of testing to a paid add-on in five months.
- Reached 30% adoption across 355 organizations, contributing to a 13% ARR increase.

Forkable · UX/UI Designer (Contract, part-time) — Jan 2020 – Sep 2022

- Moved design from Sketch to Figma and built the component library and design system.

MyJourney · UX/UI Designer (Part-time) — Aug 2019 – Jul 2022

- Designed data-dense clinician dashboards for tracking cancer patients through treatment, and tools for cancer conference teams.

Earlier · Xperly, founding product designer; ROSSUL, junior UX/UI designer — 2018 – 2019

BUILT FROM ZERO

Forkestrate · Co-founder and founding designer of an AI recipe app, MVP in under three months with a PM and two engineers — 2025 – Present

ARND · Designed and built a map-first React Native app with AI coding tools; 160+ merged pull requests, in public beta at arnd.app — 2025 – Present

Yuwol Productions · Daily tools for a forty-person musical company, then joined its cast — Oct 2025 – Present

SKILLS

Expert review and approval workflows · Auditable data mapping · Data-dense dashboards · Discovery, interviews and usability testing · Shipping code with AI tools (React, React Native, TypeScript, GitHub) · Design systems · Figma, Storybook, Pendo

EDUCATION & CERTIFICATIONS

Bachelor of Design, Graphic Design · YSDN (York University & Sheridan College joint program), 2012 – 2017

Certifications: IDEO U From Ideas to Action · Google Cloud Generative AI Fundamentals, Responsible AI · Georgia Tech Python & Data Structures
